MEMORANDUM FOR THE BOARD ASSISTANTS

SUBJECT: Indonesian Elections

The OCB Working Group on NSC 171/1 considered a paper prepared in the State Department on the subject: "Courses of Action to Encourage Prompt Holding of and Favorable Outcome of Indonesian Elections."

As the courses of action were all being implemented by various agencies and as there appeared no need to seek approval of the Board for them, it was agreed that the courses of action should be listed in the minutes of the meeting for the mutual information of the various agencies engaged in carrying out the courses of action. The minutes of the meeting are attached for your information.
